Overview

Our MSc Global Investment Banking stands apart as a job role-focused degree for people wanting to enter investment banking, offering a unique and innovative pedagogical experience, with employability as a central tenet of the educational journey.

Developed in collaboration with Financial Edge, the de facto educational provider across all of Wall Street's Tier 1 Investment Banks, the MSc Global Investment Banking provides broad and rigorous academic content which covers the entire interdisciplinary breadth of knowledge required to be effective in an Investment Banking Analyst role.

MSc Global Investment Banking will develop core skills and understanding aligned within investment banking. With a highly focused and streamlined curriculum taught by ex-investment bankers and financial practitioners, learners studying this programme will gain first-hand knowledge of investment banking from recruitment to skill demands.

Indicative Course Topics

- Role of the Financial Analyst in Investment Banking
- Accounting & Financial Investment (Investor Perspective)
- Financial Modelling (including Forecasting & Planning)
- Corporate Valuation (including Budgeting & Private Equity)
- Financing (including Equity Capital Markets, Debt, Private Markets)
- Deal Structuring (Merger & Acquisition Analysis and Private Equity & Venture Investing)
- Dissertation

The courses that run in each academic year are subject to change in line with faculty availability and student demand so there is no guarantee every course will be delivered.

Key Features

- Master financial statement analysis, financial modelling, company valuation and deal structuring the Wall Street way.
- An insight into the role of financial analysts in investment banks, accounting and financial investment, financial modelling, corporate valuation, financing, deal structuring, venture investing, and more.
- An insider view of the realities of working in an investment bank with Financial Edge.
- Course materials curated by finance experts who previously worked at companies such as Ex-Goldman Sachs, J.P. Morgan, Barclays, Ernst & Young, Lloyds, Standard Bank and more.
- Taught by ex-investment bankers and finance practitioners with real work experience on Wall Street, sharing first-hand knowledge of the recruitment process, interview process, on-the-desk job realities and skill demands of the role.
- Access to Felix, an all-in-one online information platform for technical finance.
- An understanding of what recruiters are looking for from investment banking applicants. Financial Edge works closely with the world's largest investment banks; benefit from their unique insight into the investment banking recruitment process.

Career Outcomes

Learners taking this degree can pursue a career in global investment banking, primarily as an Investment Banking Analyst.

In addition to their degree, students of the MSc Global Investment Banking have access to personalised guidance to help clarify and create practical plans to achieve career aspirations. In addition, they enjoy opportunities to network with our partner- employers in the technology and public sector, while studying just minutes from both London's Central Business District and East London Tech City.

London is the global epicenter of the investment banking sector and a leader in international finance. Situated just minutes from London's Central Business District which is home to the Stock Exchange and the Bank of England, as well as the world's international bond market and London's insurance market, NU London is perfectly placed for Global Investment Banking graduates to secure a role in the investment banking sector.

This document is prepared ahead of the academic period to which it relates to provide potential students with an overview of the programmes for which they are applying. As a result, there may be infrequent occasions when the University is unable to offer individual courses, degree programmes, or services described herein. Furthermore, the University reserves the right to withdraw individual courses or degree programmes where there is an insufficient number of applications or confirmed students to make the course viable.
