

OUTREACH PROGRAMME

Visits to schools/colleges:

We would love to visit your school/college to deliver a talk, workshop or attend your HE and Careers Fairs. We can deliver sessions to class groups or the whole year group in assembly and these will be adapted to suit the audience.

We are also passionate about engaging parents in the process to apply to university so we can deliver a range of sessions at parents evenings including the university application process and student finance.

Campus visits

We have the exciting opportunity for teachers to bring a group of students to our modern, central London campus through our Discover Days. Students will have the chance to explore our campus, take part in exciting interactive sessions and find out what it's like to study at university.

Our Discover Days are designed for students in years 10-13, but if you would like to bring another year group, do not hesitate to get in contact with us.

How to contact us

If you have any questions, or would like to book a campus visit or a visit to your school please don't hesitate to contact our widening participation team at wp.team@nulondon.ac.uk

Subject tasters

Our academics can deliver interactive, taster lectures to give students an insight into studying our subjects at university. The majority of these will be delivered during campus visits but we may be able to deliver some in school, please get in touch if you would like to find out more.

Our subjects:

- History
- Law
- English
- Philosophy
- Politics & International Relations
- Psychology
- Business
- Economics
- Data Science
- Computer Science

OUTREACH PROGRAMME

Information, Advice and Guidance (IAG)

Introduction to university and NU London	KS3, KS4	20 – 30 mins	An introduction to what university is, the different degrees you can study and all the exciting activities you can get up to while you are there!
Choosing the right course and university	KS5	30 – 40 mins	With over 200 universities and 35,000 courses to choose from, this workshop is designed to give students an introduction to the opportunities university can provide and some practical tips to choose a course
Introduction to NU London	KS4, KS5	30 mins	An introduction to NU London and the exciting opportunities we offer including our study abroad and double degree programme
Student finance	KS4, KS5	30 mins	An overview of the financial support available to students including loans, bursaries, budgeting and myth busting around university debt
